Notice Of Final Decision
Reclamation Permit No.# 0240
M-I L.L.C.
Greystone Mine

The Nevada Division of Environmental Protection (NDEP) has decided to issue the Reclamation Permit, No. #0240, for a Mining Project to M-I L.L.C. This permit authorizes M-I L.L.C. to reclaim the Greystone Mine located in Lander County, Nevada. The Division has been provided with an application, in accordance with Nevada Revised Statute (NRS) and Nevada Administrative Code (NAC) 519A to assure the Division that M-I L.L.C. will leave the project site safe, stable, and capable of providing for a productive post-mining land use.

This permit will become final August 19th, 2005. The final determination of the Administrator may be appealed to the State Environmental Commission pursuant to [NAC 519A.415](#). The appeal must be filed by August 18th, 2005 and in accordance with Administrative rules of the Environmental Commission.

The only comment received was from the operator to make a change to the pit acres based upon aerial photography. The correct acres are included in the final permit.
